THE LAST GOODNIGHT
POISON KISS

1. Poison Kiss

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau & Kurtis John
Bass: Oliver Goldstein
Piano/Organ/Strings: Ely "The Creep" Rise
Programming: DJ Lethal

Your eyes don't lie
They give you away
You say, you say
Everything is different today
Your footsteps fall, all over the place
You're up, you're down
A butterfly caught in the cage

(Pre-Chorus)
I don't know why I needed you more
I don't know how, you got through the door
I don't know where you were
But back and forth, back and forth

(Chorus)
This is the last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
If you can't control the way, it enters your soul

One love, one life, one love is better than you tonight

Sunday driver, you never get far
You call, you call, everyone is juggling hearts
You think that you never make a misfake
You say, you say, everyone else is to blame

(Pre-Chorus)

(Chorus)

The devil inside I see your eyes changing,
Green to white
There is nowhere to hide, inside I feel the same,
I feel the same way too

Your eyes don't lie
They give you away
You say, you say
Everything is different today

(Chorus)

This is the last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
(one love)
If you can, control the way, it enters your soul
(one love)

One love, one life
(enters your soul)
One love is better than you tonight
(enters your soul)
One love, one life
(enters your soul)
One love is better than you tonight
(enters your soul)

2. Back Where We Belong

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar/Bass/Programming: Oliver Goldstein
Piano/Organ/Rhodes/Strings: Ely "The Creep" Rise

You kiss me, kill me, push me, pull me, leave me wanting more
You keep your promises back behind the bedroom door
You hit me harder than I ever have been hit before
I don't know why

(Pre-Chorus)
Baby, baby, long before I met you I was
Crazy, crazy to forget you but just
Maybe, what you see is what you get for sure
Can't take this anymore

(Chorus)
If you can feel it when it comes down
And you can see it coming around and around
If you believe this is a moment, control it
You feel it getting better, back where we belong

We keep on playing games and reaching out for something new
I'd rather walk with you than run with the other fools
Just let your body do the talking and we speak the truth
You know I do

(Pre-Chorus)

(Chorus)

It's just a feeling, taking me over
Time after time I'm losing control
You got a lot of things to give
Got a lot of life to live
It takes a little patience, baby
But things are changing, things are going to...

Baby, baby, long before I met you I was
Crazy, crazier than ever

(Chorus)

Baby, baby, long before I met you I was
Crazy, crazier than ever be my
Lady, what you see is what you get for sure
Can't take this anymore

3. Pictures Of You

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau & Oliver Goldstein
Bass/Programming: Oliver Goldstein
Piano/Orchestra Arrangement: Ely "The Creep" Rise

This is the clock upon the wall
This is the story of us all
This is the first sound of a newborn child,
Before he starts to crawl
This is the war that's never won
This is a soldier and his gun
This is the mother waiting by the phone,
Praying for her son

(Chorus)
Pictures of you, pictures of me
Hung upon your wall for the world to see
Pictures of you, pictures of me
Remind us all of what we used to be

There is a drug that cures it all
Blocked by the governmental wall
We are the scientists inside the lab,
Just waiting for the call
This earthquake weather has got me shaking inside
I'm high up and dry

(Chorus)

Confess to me, every secret moment
Every stolen promise you believed
Confess to me, all that lies between us
All that lies between you and me

We are the boxers in the ring
We are the bells that never sing
There is a title we can't win no matter
How hard we might swing

(Chorus)

(Chorus Repeat)

Drums & Percussion: Jeff Blue
Guitar: Oliver Goldstein and Kurtis John
Bass: Oliver Goldstein
Piano/Rhodes/Strings/Synth: Ely "The Creep" Rise

Sunday morning at the door
You were coming back for more
We were kicking it all around
I was looking in your eyes
You thought it was justified
You said, m m m m more

(Chorus)
Don't stop, Don't change, Stay beautiful
One life, Today, You're irresistible
Get up, Get out, Stay wonderful
All this time is waiting for you
Don't stop, Don't change, Stay beautiful

Poison kisses in the rain you were calling out my name
Laughing like the joke was on me

Singin.....
Ba da da ba da da
Ba da da ba da da
Ba ba ba ba da

(Chorus)

Post cards, throwing darts, side kicks and super marts
Break dance, second chance, I will run to you
Sideways, back and forth, wake up, hit the floor
Oh no, where'd you go, I will come to you
One more, day like this
One more, poison kiss
One more, hand to fist
I will run to you
Always, on my mind
Always, first in line
Always, doing fine
I will come to you

Ba da da ba da da
Ba da da ba da da
Ba ba ba ba da

Don't stop, Don't change, Stay beautiful
One life, Today, Your irresistible
Get up, Get out, Stay wonderful
All this time is waiting for you

Don't stop, Don't change, Stay beautiful
One life, Today, Is undeniable
Get up, Get out, Stay wonderful
All this time is waiting for you
Don't stop, Don't change, Stay beautiful

Don't stop, Don't change, Stay beautiful
One life, Today, Is undeniable
Get up, Get out, Stay wonderful
All this time is waiting for you
All this time is waiting for you

5. This Is The Sound

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau & Oliver Goldstein
Bass/Programming: Oliver Goldstein
Piano/Strings: Ely "The Creep" Rise

I let you in, just a little too close
You shut the door, so nobody would know
I know I heard a shot, on the fourteenth floor
The music was raw, you really put on a show

(Chorus)
This is where we are
This is where we've been
This is how I fall
In love with you again

I had to say goodbye, before I said hello
I saw you crash, and you took off your clothes

And this is the sound of a broken heart beating
Almost died when I found your heart cheating
I won't survive very much longer
You got to keep this broken heart stronger

(Chorus)

Where did I go wrong
I can't be your friend
After where we've been
I can't see your face again

You leave your troubles at the door
I feel we don't know what we're fighting for
Feels like I'm a prisoner baby
So hard when you have to fake it
It hurts so much to feel love
When you know you've got to break it

And this is the sound of a broken heart beating
Almost died when I found your heart cheating
I won't survive very much longer
You got to keep this broken heart stronger

(Chorus)

And this is the sound of a broken heart beating
(where did I go wrong)
Almost died when I found your heart cheating
(I can't be your friend)
I won't survive very much longer
(after where we've been)
You got to keep this broken heart stronger
(I can't see your face again)

I fall for you again
(I fall for you again)
I fall for you again
(I fall for you again)
I fall for you again
Whoah

(Chorus)

6. One Trust

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau
Bass/Piano/Strings/Rhodes/Horns: Kurtis John
Orchestra Arrangement: Jamie Rise

Four months from February
I know somehow I will, get over you
My father, he told me,
'Watch out the girl, she likes to bend the truth, sometimes'
Your eyes they lie to me, tonight

One love, don't you chase it
One life, don't you waste it
One trust, one trust
You knew just how to break it

Your mood swings, they adore me
My friends are watching me, die over you
Somebody, please save me
I've taken all I can from your abuse, this time
Your eyes they lie to me tonight

One love, don't you chase it (chase it)
One life, don't you waste it (waste it)
One trust, one trust
You knew just how to break it (break it)
And I don't know how to take it

The look on your face
Your lips they taste
It's all a waste
This love and this hate
I cannot erase, this hurt is too late

(Chorus)

One love (the look on your face), don't you chase it (chase it)
One life (it's all gone to waste), don't you waste it (waste)
One trust (this trust, this pain, I cannot erase), one trust,
You knew just how to break it

(Chorus Repeat)

7. Return To Me

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar/Bass/Piano: Mike Nadeau
Strings/Synth: Kurtis John
Additional Percussion: Ravi Jakhotia

I know my voice is silence to your ears
I know I said some things you didn't deserve to hear
I miss you, God I miss you, why do I miss you?
I lie awake at night kicking at the sheets
No matter how much I try they never cover my feet
I need you, God I need you, why do I?
I finally gathered up the strength
To get through my days

(Chorus)
You lift me up
(Just to let me down)
You lift me up
(Just to let me down)

You call me on the phone to try to see if I'm at home
You play with my emotions; give me some kind of hope
I miss you, God I miss you, why do I?
I finally gathered up the strength
To get through these lonely, lonely nights

(Chorus)

You've got me desperate and confused
And my confidence is thrown
I'd rather be miserable with you
Than ever be alone
You're free, of me

You lift me up
(Just to let me down)

I will change the way I talk
I will change the way I feel
I will change the way I walk
Until nothing left is real
I will change the way I call your name
I will change the way I eat
I will change the way I touch you
When you're lying there asleep
Because I miss you
God I miss you, I miss you
Return to me
Return to me
I will change everything

9. If I Talk To God

Vocals: Kurtis John
Drums/Percussion/Timpanies: Jeff Blue
Guitar: Mike Nadeau and Kurtis John
Bass/Programming: Oliver Goldstein
Piano/Orchestra Arrangement: Ely "The Creep" Rise

You're so fragile I know
Some things we cannot control
I am so selfish it shows
I just can't let go
Tell me three little lies
Everything is alright
It tears me all up inside

(Chorus)
If I talk to God
I don't know if He's listening
When I speak out loud
I don't know if He's home
I'm talking to myself
'Cause no one else is listening
Stay another day
And will it all go wrong?
If I talk to God

I hate the words that I said
They lay so still in my head
I hope I never regret
If I just let go
Goodbye to time well spent
I've got nothing to defend
And is this really the end?

(Chorus)

And you can feel me when you fall
When your backs against the wall
And you know this town we live up in
Is the loneliest of all
And you can feel me when you're down
And when your world turns upside down
I know this place we're living in
Is the loneliest of all

(Chorus)

I will be the colors in the rain
When you're lying up and wide awake
Hold on, hold on, I will for you
I will be the truth inside your lies
When you close your eyes at night
I will, I will, hold on, for you

10. Push Me Away

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau
Bass: Oliver Goldstein
Piano/Rhodes/Strings: Kurtis John

Why can't you begin to understand?
You're only happy when you're sad and it's killing me
We can talk, we can cry, we can tell each other lies
And call this our goodbye

This is no kind of relationship
It's all stressed, broken, bruised and walking out the door
We can run, we can hide, just look me in the eye
And call this our goodbye

(Chorus)
You push me away for the first time, oh
I can see, this will be just another landslide,
You push me away for the last time
And I'm over it, but in the meantime
You push me away for the last time

Ba da da, Ba da da, Ba da da
Ba da da, Ba da da

Your parade of dishonesty
Has shown me sides of you I never knew and never want to know
We can run, we can fly, I'm just sick of all the lies
This is my goodbye

(Chorus)

This is my break up to you, breaking through you
This is me, broke in pieces, can't you see this?

You push me away for the first time, whoah
I can see, this will be just another landslide

You push me away for the first time, whoah
I can see, this will be just another landslide,
You push me away for the last time
And I'm over it, but in the meantime
You push me away for the last time

I don't want this to be just another landslide
I don't want this to be just another landslide
Just another landslide

11. In Your Arms

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau
Bass/Programming: Oliver Goldstein
Piano/Rhodes/Strings/Horns: Kurtis John

You are the most beautiful thing I've ever seen in my entire life
You are the most beautiful thing these eyes have seen

I met you at St. John's Cathedral down on Amsterdam
Made a trade with the devil and he gave me your hand
We both know this castles' made of sand
Close your eyes and fall asleep again

I will fall asleep here in your arms
Every breath that you take breaks my heart

I built us this boat so we both could sail far, far away
It sprung a leak inside the captain forgot to say
"That love is made of treading water and hearts of clay"
I had no idea, I had no idea, that we would die today

You are the most beautiful thing I've every seen in my entire life
You are the most beautiful thing these eyes have seen

I will fall asleep here in your arms
Every breath that you take breaks my heart
I will fall asleep here in your arms
Every breath that you take breaks my heart

And what would you think and what would you do?
After the storm that we've been through
I will come to your rescue
I will save this life tonight
And this could be everything that I ever could've owed you
I hear goodbye

I met you at St. John's Cathedral down on Amsterdam
Made a trade with the devil and he gave me your hand

I will fall asleep here in your arms
Every breath that you take breaks my heart
And what would you think and what would you do?
After the storm that we've been through
I will come to your rescue
I will save this life tonight
I will fall asleep here in your arms

12. Incomplete

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau & Oliver Goldstein
Bass/Programming: Oliver Goldstein
Piano/Synths/Orchestra Arrangement: Ely "The Creep" Rise

Can I have your attention please
If you didn't want the garden why did you plant the seed?
Your making promises that you never keep
Now you deal with the consequences down on your knees

And maybe we will do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

(Chorus)
I don't feel what you feel
I don't want to feel this incomplete
No one here can tell me
How to fill this space between
Everyone knows you're my one regret
Everyone knows you're my one weakness

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this

And maybe we will do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

(Chorus)

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this
And I can see you now reaching out for me
And I can feel you now setting yourself free

(Chorus)

And maybe we will do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this

BONUS TRACK: When It All Comes Down

Vocals: Kurtis John
Drums & Percussion: Jeff Blue
Guitar: Mike Nadeau
Bass: Kurtis John
Piano/Organ/Strings: Kurtis John

I know, you know, we know
I'm pulling on myself the third time, it's absurd
Get up and go to work
Lately, medicated, sleep got an over rated
Four star nominated, I'm perforated with
Confession, obsession, submission
Popping prescriptions in the kitchen
Hello, I'm in here, just let yourself in

(Chorus)
Everything that you want
Well it's never enough when it all comes down
Everything that you want
Well it's never enough when it all comes down, down, down

I stutter, I cough, I flutter, this place is in a clutter
Standing ovation in the back, I'm held for ransom feeling
Stupid, pathetic, underweight, filled up with diuretic
Bombshell, hand grenades, make all the same mistakes
This earthquake weather had got me shaken
Inside I'm high up and dry

(Chorus)

Confess to me everything that's in between
Confess to me everything that's in between

Pornographic, prophylactic, reactions so sporadic
Erotic, exotic, when did making love get so robotic
Hypnotic, psychotic, three hundred dollars
Buys a three minute serenade, inside the candy jar
Finding yourself a hobby, drugs in the hotel lobby
Stereophonic, iconic, this conversations gone

(Chorus)

Swayin your hips to the vinyl while your hair is braided
Post dated, agitated, masticated, aggravated
Post cards, throwing darts, side kicks, and super marts
Break dance, tap dance, I just want another chance

Poison Kiss

Your eyes don't lie
They give you away
You say, you say
Everything is different today
Your footsteps fall, all over the place
You're up, you're down
A butterfly caught in the cage

(Pre-Chorus)
I don't know why I needed you more
I don't know how, you got through the door
I don't know where you were
But back and forth, back and forth

(Chorus)
This is the last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
If you can't control the way, it enters your soul

One love, one life, one love is better than you tonight

Sunday driver, you never get far
You call, you call, everyone is juggling hearts
You think that you never make a mistake
You say, you say, everyone else is to blame

(Pre-Chorus)

(Chorus)

The devil inside I see your eyes changing,
Green to white
There is nowhere to hide, inside I feel the same,
I feel the same way too

Your eyes don't lie
They give you away
You say, you say
Everything is different today

(Chorus)

This is the last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
(one love)
If you can, control the way, it enters your soul
(one love)

One love, one life
(enters your soul)
One love is better than you tonight
(enters your soul)
One love, one life
(enters your soul)
One love is better than you tonight
(enters your soul)

Back Where We Belong

You kiss me, kill me, push me, pull me, leave me wanting more
You keep your promises back behind the bedroom door
You hit me harder than I ever have been hit before
I don't know why

(Pre-Chorus)
Baby, baby, long before I met you I was
Crazy, crazy to forget you but just
Maybe, what you see is what you get for sure
Can't take this anymore

(Chorus)
If you can feel it when it comes down
And you can see it coming around and around
If you believe this is a moment, control it
You feel it getting better, back where we belong

We keep on playing games and reaching out for something new
I'd rather walk with you than run with the other fools
Just let your body do the talking and we speak the truth
You know I do

(Pre-Chorus)

(Chorus)

It's just a feeling, taking me over
Time after time I'm losing control
You got a lot of things to give
Got a lot of life to live
It takes a little patience, baby
But things are changing, things are going to...

Baby, baby, long before I met you I was
Crazy, crazier than ever

(Chorus)

Baby, baby, long before I met you I was
Crazy, crazier than ever be my
Lady, what you see is what you get for sure
Can't take this anymore

Pictures Of You

This is the clock upon the wall
This is the story of us all
This is the first sound of a newborn child,
Before he starts to crawl
This is the war that's never won
This is a soldier and his gun
This is the mother waiting by the phone,
Praying for her son

(Chorus)
Pictures of you, pictures of me
Hung upon your wall for the world to see
Pictures of you, pictures of me
Remind us all of what we used to be

There is a drug that cures it all
Blocked by the governmental wall
We are the scientists inside the lab,
Just waiting for the call
This earthquake weather has got me shaking inside
I'm high up and dry

(Chorus)

Confess to me, every secret moment
Every stolen promise you believed
Confess to me, all that lies between us
All that lies between you and me

We are the boxers in the ring
We are the bells that never sing
There is a title we can't win no matter
How hard we might swing

(Chorus)

(Chorus Repeat)

Stay Beautiful

Sunday morning at the door
You were coming back for more
We were kicking it all around
I was looking in your eyes
You thought it was justified
You said, m m m m more

(Chorus)
Don't stop, Don't change, Stay beautiful
One life, Today, You're irresistible
Get up, Get out, Stay wonderful
All this time is waiting for you
Don't stop, Don't change, Stay beautiful

Poison kisses in the rain you were calling out my name
Laughing like the joke was on me

Singin.....
Ba da da ba da da
Ba da da ba da da
Ba ba ba ba da

(Chorus)

Post cards, throwing darts, side kicks and super marts
Break dance, second chance, I will run to you
Sideways, back and forth, wake up, hit the floor
Oh no, where'd you go, I will come to you
One more, day like this
One more, poison kiss
One more, hand to fist
I will run to you
Always, on my mind
Always, first in line
Always, doing fine
I will come to you

Ba da da ba da da
Ba da da ba da da
Ba ba ba ba da

Don't stop, Don't change, Stay beautiful
One life, Today, Your irresistible
Get up, Get out, Stay wonderful
All this time is waiting for you

Don't stop, Don't change, Stay beautiful
One life, Today, Is undeniable
Get up, Get out, Stay wonderful
All this time is waiting for you
Don't stop, Don't change, Stay beautiful

Don't stop, Don't change, Stay beautiful
One life, Today, Is undeniable
Get up, Get out, Stay wonderful
All this time is waiting for you
All this time is waiting for you

This Is The Sound

I let you in, just a little too close
You shut the door, so nobody would know
I know I heard a shot, on the fourteenth floor
The music was raw, you really put on a show

(Chorus)
This is where we are
This is where we've been
This is how I fall
In love with you again

I had to say goodbye, before I said hello
I saw you crash, and you took off your clothes

And this is the sound of a broken heart beating
Almost died when I found your heart cheating
I won't survive very much longer
You got to keep this broken heart stronger

(Chorus)

Where did I go wrong
I can't be your friend
After where we've been
I can't see your face again

You leave your troubles at the door
I feel we don't know what we're fighting for
Feels like I'm a prisoner baby
So hard when you have to fake it
It hurts so much to feel love
When you know you've got to break it

And this is the sound of a broken heart beating
Almost died when I found your heart cheating
I won't survive very much longer
You got to keep this broken heart stronger

(Chorus)

And this is the sound of a broken heart beating
(Where did I go wrong)
Almost died when I found your heart cheating
(I can't be your friend)
I won't survive very much longer
(After where we've been)
You got to keep this broken heart stronger
(I can't see your face again)

I fall for you again
(I fall for you again)
I fall for you again
(I fall for you again)
I fall for you again
Whoah

(Chorus)

One Trust

Four months from February
I know somehow I will, get over you
My father, he told me,
'Watch out the girl, she likes to bend the truth, sometimes'
Your eyes they lie to me, tonight

One love, don't you chase it
One life, don't you waste it
One trust, one trust
You knew just how to break it

Your mood swings, they adore me
My friends are watching me, die over you
Somebody, please save me
I've taken all I can from your abuse, this time
Your eyes they lie to me tonight

One love, don't you chase it (chase it)
One life, don't you waste it (waste it)
One trust, one trust
You knew just how to break it (break it)
And I don't know how to take it

The look on your face
Your lips they taste
It's all a waste
This love and this hate
I cannot erase, this hurt is too late

(Chorus)

One love (the look on your face), don't you chase it (chase it)
One life (its all gone to waste), don't you waste it (waste)
One, trust (this trust, this pain, I cannot erase), one trust,
You knew just how to break it

(Chorus Repeat)

Return To Me

I know my voice is silence to your ears
I know I said some things you didn't deserve to hear
I miss you, God I miss you, why do I miss you?
I lie awake at night kicking at the sheets
No matter how much I try they never cover my feet
I need you, God I need you, why do I?
I finally gathered up the strength
To get through my days

(Chorus)
You lift me up
(Just to let me down)
You lift me up
(Just to let me down)

You call me on the phone to try to see if I'm at home
You play with my emotions; give me some kind of hope
I miss you, God I miss you, why do I?
I finally gathered up the strength
To get through these lonely, lonely nights

(Chorus)

You've got me desperate and confused
And my confidence is thrown
I'd rather be miserable with you
Than ever be alone
You're free, of me

You lift me up
(Just to let me down)

I will change the way I talk
I will change the way I feel
I will change the way I walk
Until nothing left is real
I will change the way I call your name
I will change the way I eat
I will change the way I touch you
When you're lying there asleep
Because I miss you
God I miss you, I miss you
Return to me
Return to me
I will change everything

Good Love

I can be your sunny day
The one who keeps your troubles away
You're my one and only, and when you're feeling lonely
I can wipe the tears from your face

Everything is everything
You're everything to me, whoa
And everything is waitin' round the corner
You're the world under the covers stay with me

(Chorus)
Lets talk about good, good love so hard to find
It's a good, good thing gotcha by my side
You're everything to me
Let's talk about good, good love are you getting enough?
It's a good, good thing that you're all that stuff
You're everything I need
Everything I need

I can feel you coming my way
I think about you everyday (everyday)
I cannot remember ever feeling better
I just want you here to stay

Everything is everything
You're everything to me, whoa
And everything is waitin' round the corner
You're the world under the covers stay with me

(Chorus)

All day long you're on my mind
I can't wait to see you tonight
And be alright

(Chorus)

If I Talk To God

You're so fragile I know
Some things we cannot control
I am so selfish it shows
I just can't let go
Tell me three little lies
Everything is alright
It tears me all up inside

(Chorus)
If I talk to God
I don't know if He's listening
When I speak out loud
I don't know if He's home
I'm talking to myself
'Cause no one else is listening
Stay another day
And will it all go wrong?
If I talk to God

I hate the words that I said
They lay so still in my head
I hope I never regret
If I just let go
Goodbye to time well spent
I've got nothing to defend
And is this really the end?

(Chorus)

And you can feel me when you fall
When your backs against the wall
And you know this town we live up in
Is the loneliest of all
And you can feel me when you're down
And when your world turns upside down
I know this place we're living in
Is the loneliest of all

(Chorus)

I will be the colors in the rain
When you're lying up and wide awake
Hold on, hold on, I will for you
I will be the truth inside your lies
When you close your eyes at night
I will, I will, hold on, for you

Push Me Away

Why can't you begin to understand?
You're only happy when you're sad and it's killing me
We can talk, we can cry, we can tell each other lies
And call this our goodbye

This is no kind of relationship
It's all stressed, broken, bruised and walking out the door
We can run, we can hide, just look me in the eye
And call this our goodbye

(Chorus)
You push me away for the first time, oh
I can see, this will be just another landslide,
You push me away for the last time
And I'm over it, but in the meantime
You push me away for the last time

Ba da da, Ba da da, Ba da da
Ba da da, Ba da da

Your parade of dishonesty
Has shown me sides of you I never knew and never want to know
We can run, we can fly, I'm just sick of all the lies
This is my goodbye

(Chorus)

This is my break up to you, breaking through you
This is me, broke in pieces, can't you see this?

You push me away for the first time, whoah
I can see, this will be just another landslide

You push me away for the first time, whoah
I can see, this will be just another landslide,
You push me away for the last time
And I'm over it, but in the meantime
You push me away for the last time

I don't want this to be just another landslide
I don't want this to be just another landslide
Just another landslide

In Your Arms

You are the most beautiful thing I've ever seen in my entire life
You are the most beautiful thing these eyes have seen

I met you at St. John's Cathedral down on Amsterdam
Made a trade with the devil and he gave me your hand
We both know this castles' made of sand
Close your eyes and fall asleep again

I will fall asleep here in your arms
Every breath that you take breaks my heart

I built us this boat so we both could sail far, far away
It sprung a leak inside the captain forgot to say
"That love is made of treading water and hearts of clay".
I had no idea, I had no idea, that we would die today

You are the most beautiful thing I've every seen in my entire life
You are the most beautiful thing these eyes have seen

I will fall asleep here in your arms
Every breath that you take breaks my heart
I will fall asleep here in your arms
Every breath that you take breaks my heart

And what would you think and what would you do?
After the storm that we've been through
I will come to your rescue
I will save this life tonight
And this could be everything that I ever could've owed you
I hear goodbye

I met you at St. John's Cathedral down on Amsterdam
Made a trade with the devil and he gave me your hand

I will fall asleep here in your arms
Every breath that you take breaks my heart
And what would you think and what would you do?
After the storm that we've been through
I will come to your rescue
I will save this life tonight
I will fall asleep here in your arms

Incomplete

Can I have your attention please
If you didn't want the garden why did you plant the seed?
Your making promises that you never keep
Now you deal with the consequences down on your knees

And maybe we will do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

(Chorus)
I don't feel what you feel
I don't want to feel this incomplete
No one here can tell me
How to fill this space between
Everyone knows you're my one regret
Everyone knows you're my one weakness

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this

And maybe we will do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

(Chorus)

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
And I can see you now reaching out for me
And I can feel you now setting yourself free

(Chorus)

And maybe we will do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this

When It All Comes Down

Here is a song we recorded about a year before the record was finished called "When It All Comes Down", while we were living with our producer Jeff Blue in Hollywood, CA. It was a song that we finished and agreed wasn't right for the record but was a milestone in writing our first single, "Pictures Of You". The pre-chorus and bridge gave us an inspiration to keep on writing and make something out of those sections that we felt were strongest. The rest of "Pictures" came over the next several months of writing. We hope you enjoy. Cheers!

- Kurtis

I know, you know, we know
I'm pulling on myself the third time, it's absurd
Get up and go to work
Lately, medicated, sleep got an over rated
Four star nominated, I'm perforated with
Confession, obsession, submission
Popping prescriptions in the kitchen
Hello, I'm in here, just let yourself in

(Chorus)
Everything that you want
Well it's never enough when it all comes down
Everything that you want
Well it's never enough when it all comes down, down, down

I stutter, I cough, I flutter, this place is in a clutter
Standing ovation in the back, I'm held for ransom feeling
Stupid, pathetic, underweight, filled up with diuretic
Bombshell, hand grenades, make all the same mistakes
This earthquake weather had got me shaken
Inside I'm high up and dry

(Chorus)

Confess to me everything that's in between
Confess to me everything that's in between

Pornographic, prophylactic, reactions so sporadic
Erotic, exotic, when did making love get so robotic
Hypnotic, psychotic, three hundred dollars
Buys a three minute serenade, inside the candy jar
Finding yourself a hobby, drugs in the hotel lobby
Stereophonic, iconic, this conversations gone

(Chorus)

Swayin your hips to the vinyl while your hair is braided
Post dated, agitated, masticated, aggravated
Post cards, throwing darts, side kicks, and super marts
Break dance, lap dance, I just want another chance
